**Can I
travel?**

Fire Danger Periods

You can travel in the fire danger period but make sure you check weather conditions and fire risks first:

- Always check Fire Danger Ratings.
- There could be Total Fire Bans in place where you are travelling.
- On Extreme and Catastrophic days, think about changing your plans to avoid high fire risk areas.

Stay up to date:

- Save the VicEmergency hotline **1800 226 226** to your mobile.
- Download the VicEmergency App.
- Turn on location services in the App and set up watch zones for the places you are going.
- Listen to ABC radio or local radio while you are on the road to hear warnings and advice.
- Never rely on one source of information for emergency updates.

There is more you will need to know about travelling during the fire season.
