

Emergency Response Times - Hazard Class 4

Reporting period: 01 October to 31 December 2024

Hazard Class 4 primarily involves natural surroundings in terms of bush and grassland, but also involves isolated dwellings and structures within those areas. CFA has service delivery standards, which specify a response time target for a brigade to attend an emergency incident. The service delivery standard (response time) for Hazard Class 4 is 20 minutes.

Footnote:
Brigade Areas that had less than ten emergency incidents have been excluded.
This information does not contain CFA’s response to Emergency Medical Response as CFA is a support agency and CFA has no response time targets for these incidents.
Road Crash Rescue has also been excluded as these incidents are subject to different response protocols and service delivery standards.
For the Community Response columns, where the service delivery standard is met by any brigade, this may be from a CFA brigade outside of its own Brigade Area, FRV or SES Unit.
