## Community Emergency Response Times - Latrobe Regional City

CFA has service delivery standards, which specify a response time target to attend an emergency incident. There are different service delivery standards (response times) across the State, depending on the hazards and risks within a geographic area.

This map shows the percentage of incidents where the community received a response within the applicable service delivery standard (SDS) in a brigade area across all hazard classes for the period of 1 January to 31 March 2025 (Q3). This map shows the timeliness of the service the community received within the brigade area. Heyfield Cowwarr Winnindoo Nambrok Willowgrove Drouin West Nilma North Glengarry East F Drouin (46) Maryvale Warragul (68 F North Flynn F Traralo Fast Traralgor Yarragon F Morwell F North Hazelwood Thorpdale Traralgon Trida Churchill' (149) South Yinnar Driffield Legend CFA Fire Station (90th percentile seconds over SDS) Hallston-Mt Yinnar Sout F allstu F FRV Maintenance area Boolarra Percentage met response time target >= 90% Mirboo Percentage met response time target between North (167) 60% and 89% Rerry's 90th percentile incident response time over SDS time less than 60 seconds Korumburra 60 to 180 seconds 3 to 6mins more than 6mins Percentage met response time target < 60% Leongatha 90th percentile incident response time over SDS time less than 60 seconds 60 to 180 seconds Devon North Leongath F 3 to 6mins Milford South Dumbalk Koonwarra Brigade areas with less than 10 Emergency SDS (Code 1) incidents

Brigade Areas that had less than ten emergency incidents have been excluded.

This information does not contain CFA's response to Emergency Medical Response as CFA is a support agency and CFA has no response time targets for these incidents.

Road Crash Rescue has also been excluded as these incidents are subject to different response protocols and service delivery standards. This map contains an aggregate of response time compliance across Hazard Class 2, 3 and 4.

Where the service delivery standard is met by any brigade, this may be from a CFA brigade outside of its own Brigade Area, FRV or SES Unit.

This map may contain data from other fire services responding into CFA areas.

This map is provided for information purposes only. The data is accurate as at 16 April 2025 and may be subject to change.
