Grassfires can start anywhere and spread quickly.

On the urban fringe…

If you live next to grassland and a grassfire starts, walk at least two streets back from the fire.

If you live two or three streets away from grassland and a grassfire starts, stay where you are – grassfires are unlikely to spread into built up areas.

Never drive if you can see smoke or fire. Thick smoke will make it hard to see and traffic jams and accidents are likely.

Keep the roads clear for the emergency services.
